Romulus woman plans to sue state

Betty A. Coleman, a nurse from Romulus, is going to sue the State of Michigan because of its inability to determine a "6" from a "9."

Mrs. Coleman, 42, who works in the psychiatric ward at Wayne County General Hospital last week was initially declared the winner in the Dec. 21 Michigan lottery when -- as contestant No. 9 -- she was acclaimed the winner of the \$200,000 super drawing first prize.

Upon an appeal from Stanley K. Yao, a laid off Ford Motor Co. employee from Dearborn, the lottery

officials learned they had made a mistake, leaving Mrs. Coleman with just \$50,000.

Mrs. Coleman, upon announcing her intention to sue, claimed she was going to see a lawyer about getting the additional \$150,000 plus attorney fees.

The mistake came about when -- in the super drawing at Tel-Twelve Mall in Southfield -- Mrs. Coleman and Yao were in the running for the \$200,000 top prize. Mrs. Coleman was contestant "9" and Yao was No. "6".

The lottery officials announcing the numbers to

the assembled crowd misread the numbers, holding them upside down, to cause the mix-up.

The state, according to Deputy Lottery Director Daniel V. Dooley, will change its procedure in the future to eliminate the numerals in the drawings. Words, such as "six" and "nine," will be used instead.

Mrs. Coleman claims the house -- in this case, the State of Michigan -- should take the loss because of its mistake.

Mr. Coleman is a janitor at Romulus City Hall.

State okays \$7.49 million gas rate hike

The State Public Service Commission Wednesday authorized Michigan Consolidated Gas Co. to increase its rates by \$7.49 million a year effective Jan. 1.

The utility originally had requested a \$13.35 million hike.

The order was signed by commissioners Lenton Sculthorpe of Marshall and William Ralls of Okemos.

They said the increase would provide the utility with the financial ability to meet the energy needs of Michigan CITIZENS. They stipulated that the company must file a report of its gas supply situation and provide an affirmative action plan to increase energy conservation awareness among consumers.

The commission said the gas supply data is "a most critical matter" affecting all of Michigan Consolidated Gas Co. customers.

The annual reports must include projections of supply and demand and an outline of the company's construction and storage acquisition program. The commission also ordered a moratorium on further rate increases until Jan. 1, 1974. This does not apply to

increases reflecting changes in the cost of pipeline gas, which are set by the Federal Power Commission.

The commission further ordered: --The company to have outside experts conduct an efficiency study.

--A disclosure of financing plans through 1976 as soon as possible.

--Quarterly reports on the hiring and promotion of women and minority groups.

The supplying of rate structure data so a general study of pricing policies for gas sales may be undertaken.

Commissioner Willis Ward said, in a dissent, that he thought the rate increase was insufficient.

"The settlement was made for expediency and not for the long term best interest of either the ratepayer, the general public or the investors," Ward said.

"We must adopt a policy that will encourage investors and management," he said. "To do otherwise is closing our eyes to the not too distant future."

"To be restrictive," Ward said, "is inconsistent with the economic expansion urged by the legislature and the governor."

The commission majority replied that the expert professional staff of the commission had recommended the amount authorized after an audit of the books of the utility.

Devos wanted to retire

John C. DeVos, a veteran of 31 years with the Wayne County Sheriff's Department, was looking forward to his retirement and implementing the department's special unit at Metropolitan Airport before leaving the force next year. Instead, the colorful and respected inspector was buried in Holy Sepulchre Cemetery after Wednesday services.

Since 1965, DeVos was stationed at the Sheriff's Road Patrol in Westland. Last week he assumed his new duties as senior officer of the sheriff's command detail at Metropolitan Airport. DeVos, 58, died Friday, the victim of an apparent heart attack. Earlier that day DeVos coordinated emergency rescue operations at Metropolitan Airport, the aftermath of a jet crash into a gasoline fuel tank near the airport. Three persons were killed in the jet crash. He spent more than five hours out there in the cold and rain handling the rescue and cleanup operations.

Dearborn police found DeVos late Friday slumped over the wheel of his car in a parking lot near the Schaefer exit of the Ford Freeway. John must have felt something coming on, and he pulled off the freeway, a fellow officer said. The inspector was en route to his home at 481 Bournmouth Grosse Pointe Farms when he pulled off the freeway. Inspector DeVos is survived by his wife, Ann; a daughter Mrs. Dallas Carrier; one son, John C. Jr.; two brothers and two grandchildren.

Boy visits Disneyworld

'Teen's dream fulfilled

Sixteen-year-old Kirk Kimball was able to spend what may be his last Christmas on a trip to Disney World in Orlando, Fla., thanks to the generosity of his friends and neighbors.

For most of his life, Kirk has dreamed of visiting one of Walt Disney's children's paradises. But the money could never be found in the family budget.

Now he is terminally ill with leukemia and is looked like his dream would die with him.

The Rawsonville Lions Club recently bought plane tickets for Kirk and his parents, but there was still the seemingly insurmountable problem of spending money for the trip.

Then, last week the Kimballs learned their pastor at the Rawsonville Lutheran Church of the Apostles was

going door-to-door collecting money for their expenses.

At the same time, the Belleville Music Club went caroling for Kirk.

Altogether, they raised \$800, and the trip was assured.

Kirk was elated. "It's all he talks about," said his mother. "You should have seen his face when we told him. It's just something he's wanted since he was a young boy."

Shepherd named Acting GM of Enterprise-Roman

Frank H. Shepherd, 31, was named acting general manager of the Belleville Enterprise and Romulus Roman, it was announced today.

Shepherd will manage the newspaper during its present crisis with the American Newspaper Guild, which has broken off negotiations and is picketing the plant.

A 13-year veteran in newspaper work, Shepherd is a native of Port Huron where he attended Port Huron Junior College, majoring in business and advertising.

FRANK H. SHEPHERD

For three years (1959-61) he worked in the circulation department of the Port Huron Times Herald before moving into classified sales. He became assistant advertising manager in 1964.

Two years later, he accepted the position of advertising director of the Utica (Mich.) Sentinel, where he played a major role in developing a new daily newspaper, The Daily Sentinel, serving the fast-growing area of western Macomb County.

In 1969 he was promoted to general manager, a position he held briefly before joining the Panax Corporation, publishers of daily and weekly newspapers throughout Michigan and Illinois.

Shepherd was named general manager of the Ingham County News, a weekly newspaper, and shortly after became general manager of Inco-Graphics, a Panax printing division in Mason, Michigan.

In announcing Shepherd's position as acting manager of the Eagle, Michael Dow,

Panax vice-president,

said: "Frank Shepherd's leadership abilities and management qualities made Inco-Graphics into one of the largest and most modern commercial web offset printing plants in Michigan."

Commenting on his appointment, Shepherd said:

"I am looking forward to this challenge. The people in the growing communities served by The Eagle are entitled to strong, daily coverage of their communities. I believe a newspaper is a public trust, not a 'property' and our management team will

endeavor to put out a sound and stable newspaper."

"I am convinced that a bright future can be predicted for the Daily Eagle and its subscribers. I am sorry for the few delays this past week, but we are working vigorously and with dedication to bring you your local daily newspaper."

He said the strikers who are presently picketing in front of the newspaper have been informed they will be permanently replaced. The newspaper will continue to build a fine staff, trained in modern journalism, Shepherd added.

Shepherd is married and the father of five children.

Scout attempts to assist invalids

As a service project, Kevin Profit, an Eagle Scout candidate, is spearheading a campaign to code mark Romulus homes where invalids reside so that, in case of fire, Romulus firemen will be alerted that a rescue attempt may be necessary.

Decals, to be placed on front doors or windows and bedroom windows of shut-ins, are being furnished by Romulus Jaycees. Persons wishing to procure the free stickers should contact Kevin, a member of Boy Scout Troop 830, by telephoning 721-3889.

The Eagle candidate will distribute the decals, with the assistance of other members of his troop.

Santa visits children

Santa Claus, magic tricks and the singing of Christmas songs were the highlights of a children's Christmas party hosted Saturday by members of the Loyal Order of Moose at their Belleville Lodge, 460 Huron River Drive.

Forsyth named 'ugliest'

Mr. John Forsyth, a seventh grade English-social studies teacher and coach, was elected South Junior High School's "Ugly Man".

Runners-up were Mr. Richard Kiessel, last year's "Ugly Man" and Mr. Frank Soloc, South Junior High School's new band director.

Total money gained from this year's contest was \$143.66. Each vote cost one penny.

Trash liners for sale

A new shipment of plastic trash liners has arrived and is ready for sale by Romulus Jaycees, according to Richard Szente, Jaycee project chairman.

Persons interested in obtaining the bags should contact the project chairman or any Jaycee member. Szente may be reached by telephone at 941-4723.

Sheriff to use 'copters

DETROIT — Two helicopters will begin carrying Wayne County Sheriff's Department deputies to high crime areas and emergencies next summer, after approval Thursday from the Wayne County Board of Commissioners.

The county will pay only \$4,788 of the more than \$262,000 needed to pay for the helicopter, three pilots and three observers. The remainder of the money will come from state and federal grants.

The approval came on a close vote. Thirteen of the commissioners, the minimum necessary for the go-ahead, voted yes. One of the seven opponents, Conrad L. Mellett, said the helicopters would be used to "oppress, repress and harass" the people.

In addition, the commission okayed \$168,000 to expand the sheriff's park patrol to a year-round operation.

Ford to enter bill

Rep. William D. Ford (D-15th District) will reintroduce at the first opportunity his legislation designed to protect runaway children and get them back on the right track before drugs, crime and social disorientation claim them.

Aides said Ford would toss the bill into the hopper on Jan. 3, the first day of the new Congress. By so doing he hopes to give his colleagues plenty of time to study the important social implications of the measure with the hope that this time it will be enacted into law.

IN THE OLD CONGRESS, Sen. Birch Bayh (D-Ind.), won Senate approval for a companion measure but Ford's bill never got to the House floor.

Basically, the bill would provide federal assistance to local groups engaged in operating temporary shelters and counseling programs for youngsters on the run.

Additionally, it would authorize up to \$500,000 for a comprehensive study of the whole problem which has become acute in the permissive attitude of the counter-culture.

EACH OF THE TEMPORARY shelters visualized by the bill would have a maximum capacity of no more than 20 children and a trained staff to provide adequate supervision, treatment and counseling.

Staff members would be required to contact the children's parents, relatives or guardians in accordance with state law. Counseling for both the children and parents would be provided after they were reunited.

The whole aim of providing runaway shelters would be to divert young people away from the traditional criminal justice system and encourage them to return to their homes if practical and possible.

"We recognize we have a growing problem on our hands out its actual dimensions are not known," Ford said. "It is estimated that more than a million youngsters run away each year."

Killed in accident

Services are held for Wayne man

Funeral services were held last week for a Wayne man who was killed Dec. 16 when the van he was driving collided with an auto transport truck. The collision occurred on Belleville Road in Van Buren Township.

The man, John Kilanski, 23, of 6550 Hannan Rd., will be buried today in Ashland, Wisc. Services were held at St. Mary's Catholic Church in Wayne.

Investigation by Wayne County Sheriff deputies revealed the Kilanski van was traveling north on Belleville Road just south of Ecorse Road when it apparently swerved across the center line and collided with the autocarrier loaded with five autos.

The truck is owned by Automobile Transport Inc., of 36555 Michigan Ave., Wayne. It was driven by Leonard H. Mooney, 51, of 1260 Carlson, Westland. Mooney was questioned by deputies and released.

Deputies also questioned an eye-witness to the crash who said road conditions were hazardous at the time and that both vehicles appeared to be

"Hearings by the Senate Judiciary Committee indicated that the most common age of runaways is 15 and that a majority are females."

RUNAWAYS SEEM to be getting younger, another worrying factor. A few years ago, Ford said, the common age was 16 or 17. A recent New York City study reported that 43 per cent now were in the 11 to 14 age category.

Explaining the need to salvage these young lives, Ford said:

"At the present time, these young people are detained in jails or juvenile detention homes, where they are exposed to older, experienced law breakers. As a result many of them are literally encouraged into a life of crime. Drug abuse and petty theft are often the next step after running away."

Mobile home owners to be helped by law

By WES THORP

Daily Eagle Lansing Bureau
Mobile home owners are one step away from being able to conduct rent strikes and from exercising the other tenants' rights which apartment renters have been given.

Abill which gives tenants rights to mobile home owners has been passed by the state legislature and has been sent to Gov. Milliken for his signature.

Main part of the mini "bill of rights" is a section which gives mobile home owners and occupants the right to withhold their rent.

That is, they can pay their rent into an escrow account if they believe that their trailer park is substandard and below code.

Such rent strikes have been used by apartment dwellers who found that their living units were below building codes in a local area.

Piano students of Miss Pearl Morris and Mrs. Pearl Varner of Belleville, assisting teacher, presented their annual recital Dec. 22, at Miss Morris' home on Huron River Drive South, Romulus.

The young people rendered a selection of classical and semi-classical numbers, including: "The Cricket and the Bumble Bee" by John Schaum, played by Pamela

Miller; "Jingle Bells", Theresa Miller; "Carol of the Drum" by Katherine K. Davis, Margaret Bryson.

"Around the World" by Victor Young, played by Debbie Kostelic; "The Merry Widow" by Franz Lehár, Debbie Zilka; "Playful Poodle" by Margarite E. Reich, Connie Garcia. "Rossini's Tarantella" by G. Rossini, performed by Bridget

Forintos; "Midnight Cowboy" by John Barry, Cindy Maziariski.

"Frere Jacques (Brother John), an old French folk song arranged in duet form by Wesley Schaum, played by Pamela and Theresa Miller. "Ceacona with Variations", by Johann Pachelbel, Anne Szyndlar; "Fur Elise", by Beethoven (Walter Rolfe transcription), Mary Renke;

"Poupee Valsante" by Ed. Poldini, Jessica Simonson. "The Hands of Time" (Brian's Song), played by Debbie Wahrman.

"Sonatina" by W. A. Mozart, Audrey Szyndlar; "Parade of the Toy Soldiers" by Leon Jessel, Donna LeValley. "The Sleeping Beauty Waltz" (duet), by Peter Tschakowsky, played by Anne and Audrey Szyndlar. "Hungarian Rhapsody No. 2"

by Franz Liszt, Carla Hay.

Awards for the year were won by the following: Most Perfect lessons, Carla Hay, Donna LeValley, Debbie Zilka. Perfect attendance: Bridget Forintos, Donna LeValley, Cindy Maziariski, Mary Renke, Jessica Simonson, Anne Szyndlar, Audrey Szyndlar, Debbie Wahrman, Debbie Zilka. Memorizing awards: Bridget Forintos, Carla Hay, Mary Renke and Audrey Szyndlar.

Students played games appropriate to the occasion and exchanged Christmas gifts. Lunch, including a recital cake adorned with musical notes, was served, with relatives of the two

teachers assisting. Festivities closed with a round of Christmas carol singing as the young folks gathered about Miss Morris at the piano.

Youngsters conduct Yule party

The two Child Development classes at Romulus Senior High School held a children's Christmas party on Dec. 15 in the Home Economics Department.

Under the direction of their

teacher, Mrs. Jason Lovette, the students did the planning and made the necessary arrangements for the occasion for more than a week previous.

Their little guests were six-

years-and-under youngsters that the class members had been observing during this first semester of school. The children, who numbered about 30, first got acquainted and then took part in a program of active games.

There was a buffet lunch which was enjoyed while seated at one long gaily decorated table.

Afterwards, Santa arrived and was seated before the decorated Christmas tree where he greeted each child individually and presented him with a Christmas stocking and a gift. There was Christmas music and singing.

Those Child Development students who took an active part included Debbie Finch (former student), Brenda Gross, Earl Champagne (former student), Frank

Cook, who assisted with Santa Claus duties, Gail McCloskey, Kathy Lane, and Carla Hay.

The other class members worked on decorations and brought food.

The classes especially want to thank the school janitors for their services in helping to make the occasion possible.

Council nixes parental law

Adoption by the Romulus City Council of a proposed parental responsibility ordinance failed to get the required number of council votes.

The proposed ordinance had been introduced by Councilman James C. Stewart.

The ordinance was the result of recent discussions between councilmen, administrative officials and citizens relating to crimes allegedly committed by youths in various sections of the city.

The new ordinance, had it been approved by the council,

would have required parents to control and supervise activities and conduct of their minor children (under 18 years of age).

It also would have provided penalties to parents or legal guardians for willful failure to exercise such control and supervision where such failure results in a violation of penal statutes of the state or city ordinances.

The ordinance was patterned after one in Madison Heights, in which City Attorney John E. Young reported was though to be unconstitutional.

Oldtime methods work and cost less, too!

By ESTHER K. SHAPIRO

Is there a white tornado whizzing around your kitchen, doing all your dirty work? Does Josephine come to unplug your drain and stay to clean the sink? Does the chiffon-clad lemon lady float around in slow motion, dusting and polishing your veneer in one graceful swipe?

If you think that's going to get the housework done, you're too hooked on TV to be able to distinguish myth from reality. Regardless of the product, you still have to rub it on, rinse it off, shine it clean.

A few ingenious chemical compounds may lighten your work by ungluing grease a little faster; most are the products of idea men who know more about packaging than pan scrubbing. Before any of them can be effective, another additive is required: your own elbow grease.

That's the secret ingredient that will keep the silly parrot from screaming, "Ring around the collar!"

Americans are compulsive cleaners. We love to see all the surfaces polished, from our second-best plates to our new teeth. But don't like the dreary process of getting them that clean.

Urged on by the manic housewives on the tube, who get their kicks from soaking sonny's filthy jeans, we seek the faster, easier way to cleanliness without pain. Unfortunately, it's also the most expensive way - and not always the most effective method.

We pay a two-fold cost for many of the new products. First, in the price itself. And frequently there is an indirect second cost. The phosphates in our detergents pollute the waters, requiring higher taxes to pay for cleaning the mess. Abrasives in cleaning powders may ruin our household goods. Caustics in many cleaning powders can burn the eyes or mouth of the infant who gets into them.

That doesn't mean you

have to be dirty. Years ago home economics taught us that we could run a household with four kitchen staples: salt, soda, vinegar, and ammonia. They're still good (ammonia is the principal, and cheap, ingredient in many of the glass cleaners) and they're still effective, as well as economical.

Every collector of copperware knows the best way to shine the pretty stuff is with salt, rubbed on with a bit of lemon, or, equally as good, with a vinegar-soaked cloth. Did you also know that salt - and newspaper (no water) is the best way to get grease off a frying pan? If you're using one of the old iron kind, you won't have to reseason it after your salt and paper cleanup.

Salt will keep your holiday turkey from messing up the stove. Gravy from the large birds always spills over the pan while roasting, caking on the stove bottom and smoking up the kitchen. Sprinkle salt over the bottom of your oven before cooking; it will absorb spills and eliminate smoking, and is easily swept up later.

Salt can be used as an abrasive on burnt pots. Soak cloth shower curtains in a solution of salt water before hanging them, to prevent mildew. A teaspoon of salt added to starch keeps the iron from sticking (if you still iron) and gives a lovely smooth finish.

Perspiration stains will come out of your wash-and-wears if they're soaked in a strong salt-water solution. A mixture of lemon juice and salt will take mildew stains from white fabrics. Afterwards, just bleach them in the sun.

If you still prefer the lovely smell of outdoor-dried clothes, but hate defrosting your clothesline in winter, dip your clothes pins and line in salt water. One soaking will keep them frost free until spring.

Baking soda is more than a baking ingredient. It is gentler than cleansing powder and often more effective at removing stains from formica counters. Just rub on with a damp cloth or sponge. It

will clean the porcelain interior of your refrigerator; a solution of soda and water kept in the refrigerator will keep odors out.

If you don't like our salt treatment for perspiration stains in clothing, dry a paste of baking soda and water, leave on for 15 minutes and rinse. Never pour water on a flaming grease fire on your stove - baking soda will smother the flame quickly and safely.

We've always known how effective either vinegar or ammonia can be in keeping glass sparkling. But people seldom stop to think that a drop of ammonia will also shine eyeglasses and keep them clean.

And while I never thought of vinegar as a beauty aid, I've just learned that wetting hands with vinegar and letting them dry before going outdoors to work in bad weather prevents chapping.

As for those happy housewives on television, I've learned the secret behind the smiles. They get a minimum of \$136 a day and \$775 in residuals every 13 weeks. At that price, I'll be glad to clean your sink.

AIRPORT CONSTRUCTION

The Board of County Road Commissioners of the County of Wayne, Michigan announces that, pursuant to Section 16(d) of the Airport and Airway Development Act of 1970 (P.L. 91-258), it will hold a Public Hearing concerning a proposed new runway and related facilities at Detroit Metropolitan Wayne County Airport. The Hearing will commence at 6:00 P.M., Eastern Standard Time, on January 5, 1973 at Romulus Senior High School, 9650 South Wayne Road, Romulus, Michigan 48174.

PROJECT DESCRIPTION

The proposed new runway will serve airline operations for domestic and international, as well as air cargo and general aviation activities. It will be constructed in a northeast-southwest alignment parallel to the two existing northeast-southwest runways. The runway will be 2,000 feet southeast of the existing Runway 3R-21L, and will be 10,000 feet long and 150 feet wide with a supporting taxiway system. The proposed construction will include, in addition to the runway-taxiway system, necessary runway and taxiway lighting, required navigational aids, security fencing and a new storm drainage system outfalling to a new retention basin. To accommodate this runway-taxiway system it will be necessary to relocate Eureka Road and to relocate the existing perimeter drainage ditch. It will be necessary to utilize 1,524 acres of land for these improvements, which have been or will be acquired.

The Hearing will afford interested persons, groups, and agencies an opportunity for public consideration of the economic, social and environmental effects of the proposed new runway and related facilities and its consistency with the goals and objectives of such urban planning as has been carried out by the community. "Social, economic, and environmental effects" mean the direct and indirect benefits or losses to the community as a result of the proposed development. These benefits or losses may include but are not limited to effects on:

- a. Safe and efficient use of the Airport;
- b. Economic activity;
- c. Public health and safety;
- d. Property values; and

A THOUGHT TO REMEMBER

BY HAROLD REDISKE, DIRECTOR

New Year brings new hopes. New dreams. New spirit. New expectation. And new forecasts. New Year also waves goodbye to the past. Frustrations, failures, resentments and regrets are behind you. Forget them. New Year is a time to look ahead.

New advancement, new goals, new accomplishment, new successes are possible for every one. But, a sane, sound view is needed. Without it, the proneness of the human mind is only wishful thinking. The sane, sound view reveals none of us lives in this world alone. We can not isolate ourselves from others, even if we try, because we live with and among other people. The sane, sound view should reveal we live in God's world. Not ours, but His. Living in His world, UNINSULATED from Him and His help, is a sane, sound view that can give us strength and energy to try at least to reach a goal.

With that thought, we wish you a Happy New Year, filled with sane, sound perspectives every day thereafter . . . (Signature Lines follow as instructed).

Girl Scout troop reports activities

Girl Scouts of Troop 587 of Quirk School have rounded out the first three months of scouting.

In November the troop held a fly-up and investiture ceremony. The Brownies, who received their fly-up wings and Junior Girl Scout pins, were Carolyn Aikens, Marilyn Aikens, Anna Cardinal, Amanda Marcum, Robin Wood, Donna Phillips, Becky Adamson, and Cindy VanValkenburgh.

Girls new to scouting received their pins also. They are Julie Rosinski, Judy Bambi, Tonya Hall, Toni Baker, Thelma Pierson, Terry Sloan and Carol Thorne.

Two mothers receiving their pins for acting committee moms were Mrs. Judith Baker and Mrs. Jerome Rosinski.

Already established in junior scouting are Jill Bauer, Angel Garcia, Shelly Harris, Marie Monforton, Cathy Pierson, Robin Rice, Elizabeth Smith, Jeanette Collyer and Penny Ward.

Early in the year the girls divided themselves into patrols depending on their interest in badge work. Those working on their "Drawing and Painting" badge visited

the Artrain in Ypsilanti on Nov. 3.

On November 11, the patrol seeking the skating badge went roller skating to demonstrate its ability.

The third patrol, learning about the care and feeding of pets, visited the Humane Society in Westland last Saturday.

A Halloween party was enjoyed by all while dunking for apples, playing games and breaking a pumpkin piñata filled with goodies. All were dressed in their costumes.

All members of the troop were invited to walk in the Christmas parade, when Santa Claus came to Belleville. Cold and wet feet were the order of the day.

The girls recently completed molding and painting plaster of paris molds and varnishing recipe card holders for their parents' Christmas gifts. This Thursday the leaders will accompany the troop on a Christmas sing in Ypsilanti, followed by a gift exchange and party.

All in all, the fall was a busy time for Troop 587 and their leaders, Mrs. LaDonna Mauer, Miss Jackie Bauer, and Mrs. Joan Monforton.

Romulus routs Brighton, 103-51

Romulus, boasting a 24-game home court victory string, continued its winning way with an impressive 103-51 basketball win over Brighton last Friday.

A rout from the beginning, the Eagles piled up a 52-19 halftime lead.

Ronnie Bostick, the Eagles' 6-9 center, led the way with 23 points, 19 rebounds and seven blocked shots.

Guard Ron Kersey scored 10 points and played an excellent

floor game sparking the Eagle's very effective full court press defense.

Coach Dave Court, whose Romulus team missed a team scoring record by two points, said after the game, "We're putting it all together now. It won't be long before we're No. 1 in the state."

The one bright spot for the Bulldogs was a 15-point effort by 6-6 Nick Voyatzoglou. Voyatzoglou is an exchange student from Greece where he

played on the Greek Olympic basketball team this year in Munich.

The Eagles took a 4-0 record into a Wednesday night game with Windsor Assumption.

Belleville matmen end third

A pair of third places was the best Belleville's wrestling team was able to muster in the Ann Arbor Novice wrestling tournament over the weekend.

Rick Bracken placed third in the 132-pound division, while Steve Wilson was third in the 98-pound class.

Huron cagers defeated

New Boston Huron lost its fourth consecutive game when the Chiefs were defeated by Gibraltar Carlson, 78-75, Friday.

After being tied 55-55 going into the fourth quarter, Huron took a short lived six-point lead. However, Carlson, led by its big gun Gary Henson, made short work of that lead and eventually put the game out of reach converting a one-and-one free throw situation.

Henson, who pumped in 30 points for Carlson, was supported by Bob Blackburn, Joe Drennen, and John Shaw with 14, 12, and 11-point efforts.

Joe Richert scored 28 points for Huron. Tim Hinojosa added 16 and Howard LeBlanc 12.

Carlson's league record is 2-2, with Huron winless in four games.

Belleville places third in Christmas tourney

The 1972 Western Wayne Holiday Basketball Tourney came to a sad end for defending champion Belleville.

Defeated 64-60 by Inkster Cherry Hill in a consolation game, Belleville finished fourth in a tourney which had only four participants.

The game went down to the last seconds with Bob Fowler of Cherry Hill putting it out of reach with a basket with only two seconds left. Fowler paced Cherry Hill with 20 points.

Belleville's Jim Williams contributed 22 points and Terry Pate 20 to the losing effort.

The championship game saw Wayne Memorial defeat

Westland John Glenn, 77-68, for the title.

In the first round, Wayne Memorial capitalized on Belleville's inability to convert free throws to defeat the Tigers, 71-66. Belleville made only 10 of 21 attempts, while Wayne made 19 of 30 from the free throw line.

Pete scored 21 points for Belleville, with Williams and Willie Currie chipping in 14 and 12 respectively.

Craig Barczuk led Wayne with 20 points. Glenn Ambrose and Kim Herbert had 17 each.

Belleville's season record stands at 1-4.

WOMEN EMPLOYEES HONORED - Two male employees of Micro-Measurements Division, Romulus, serve their fellow workers during the company's annual "Men's Christmas Luncheon." Pictured at the buffet table (from left) are Dorothy Andrews, 16264 Brandt, Romulus; Jack Clark, engineering manager, of Westland; Jerry Giese, production control supervisor, 15369 Harrison, Romulus; Brenda Williams, 8371 Wahrman, Romulus; Laura Love, 3 Locust Drive, Belleville; Barbara Beem, 39140 Chase Road, Romulus, and Judy Valle, of Wayne. Each year the company holds a plant-wide meeting, featuring a luncheon hosted by the firm's male employees, who are in the minority at the facility. The event is the men's way of repaying the women for all of the special luncheons provided by the ladies during the year.

Belleville tankers split Ohio meets

Taking a two-day trip to Ohio, the Belleville swimming team defeated Akron Copley, 60-35, and then lost a close one to Akron Firestone, 51-44.

Against Copley, Matt Burnes won the 200-yard individual medley, Roy Leiber won the 100-yard butterfly, Jeff Liedel won the 400-yard freestyle and Scott Stone won the 100-yard backstroke.

Against Firestone, it was Leidel winning the 200-yard freestyle, Stone winning the 50-yard freestyle, Dean Ackron winning both the 200-yard individual medley and the 100-yard butterfly and Richard Golden winning the diving.

The Tiger's next meet will be on January 9 against Ypsilanti.

Students learn easier by listening, watching

By WILLIAM A. LOYD
Science Teacher
South Junior High School

People learn in different ways.

Some are able to learn through the old standard — books and reading. While many find this form of learning very difficult. Others find learning easier by watching or doing or listening.

In learning areas where books are the heart of the learning process, some student can not make the grade and fail, without more individual assistance.

If these students are not able to obtain more individual assistance in order to succeed, they become discouraged and school becomes a loathsome burden and experience.

All of these students have average or above average intelligence, but can not learn through books alone. They are handicapped even more by today's larger classes where individual assistance is virtually "impossible."

The secondary school offers the basic classes. These classes are to be half the size of the regular classes, so that

more individual assistance can be given to the student.

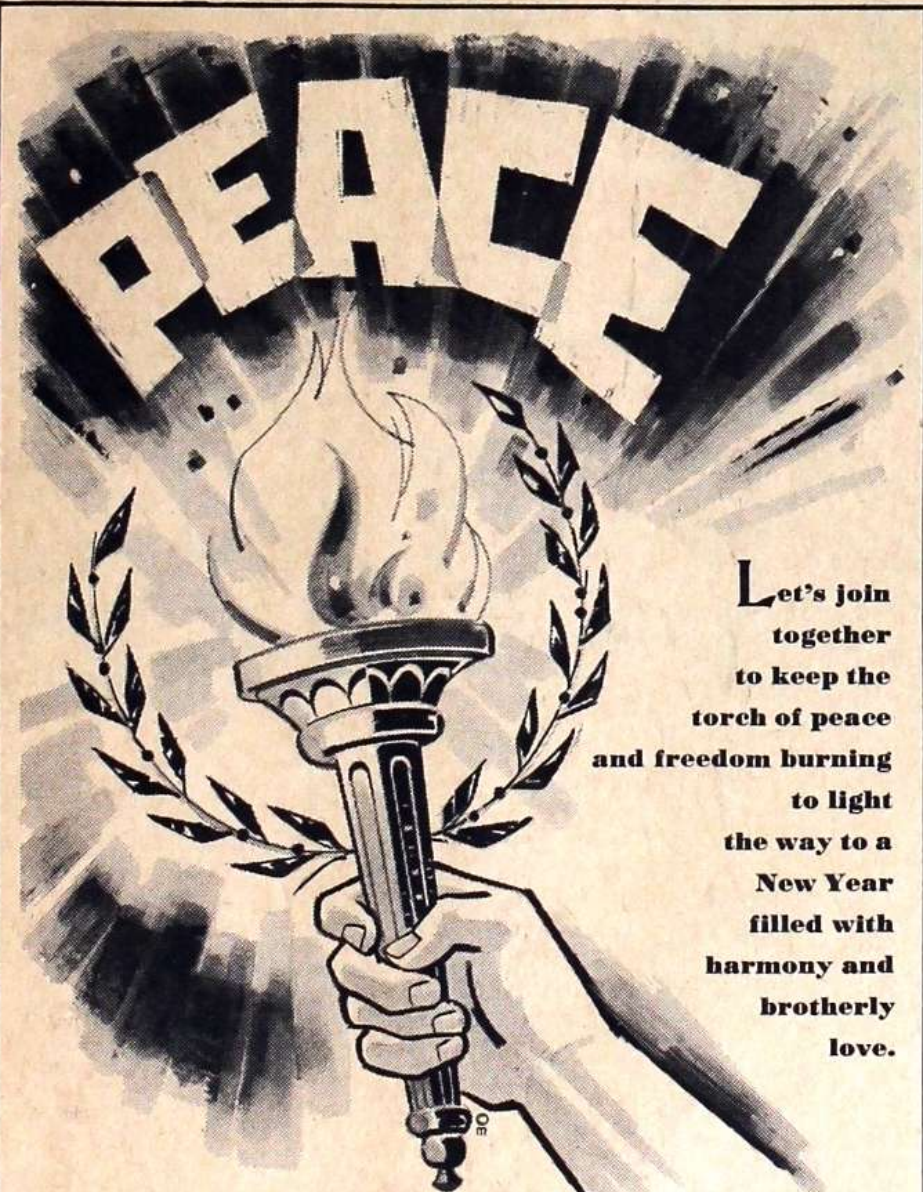

The basic classes also should exploit the other methods of learning such as visual aids and demonstrations, tactile experiences and use of sensory learning experience.

The textbooks and reading materials usually are on a lower reading level and limited in vocabulary because the student has not developed in this area of learning due to his inability to learn from books.

In the first semester of ninth grade basic science classes, which I teach, the students conduct 33 laboratory lessons in half as many weeks, working with many varied types of equipment, materials, tools and chemicals.

They learn many facts, procedures and methods that will assist them in everyday living, as well as in school work.

The textbook is not totally disregarded but is not relied upon as the major learning source. The work load is heavy but these students have the advantage of more individual assistance which a regular class can not offer.

Let's join together to keep the torch of peace and freedom burning to light the way to a New Year filled with harmony and brotherly love.

CARROLL RIGHTER'S HOROSCOPE

Tomorrow's forecast
from the Carroll Righter Institute

GENERAL TENDENCIES: A startling condition in connection with another person seems distressing at first glance, but you are able to turn this problem into an opportunity to get ahead. The evening is fine for quiet relaxation with congenials. Keep calm.

ARIES (Mar. 21 to Apr. 19) Although you may think you know what your true position is with another, there are unknown factors still to be considered. Don't try to change others and keep out of trouble that way.

TAURUS (Apr. 20 to May 20) Some unusual idea that occurs to you may seem impractical at first, but if you test it out, it may prove to be just fine. Listen to a suggestion from a co-worker. This is to your advantage.

GEMINI (May 21 to June 21) Accept a last-minute invitation and stop worrying about why it was not forthcoming earlier. There could be a surprise element that is to your benefit. Use your fine talent and be more popular.

MOON CHILDREN (June 22 to July 21) A situation may arise at home that needs your full and immediate attention, so be prepared to give it. Find the right appliance that can make your home more functional and comfortable.

LEO (July 22 to Aug. 21) You can now take that trip and obtain the data you need, so stop procrastinating about doing so. You get news that will make you a happier person. Use it to advantage without hesitation.

VIRGO (Aug. 22 to Sept. 22) If you take care of a monetary matter in a more practical fashion, you find it works out just fine. Make your surroundings more artistic. Show others that you are a logical thinker.

LIBRA (Sept. 23 to Oct. 22) You have a personal aim to reach so stop being so self-conscious and take steps in the right direction. A fine opportunity to advance in your line of endeavor is present. Seize it quickly.

SCORPIO (Oct. 23 to Nov. 21) Make sure you control your temper today even though you may be filled with discontent. Show cleverness instead and manipulate a difficult situation wisely. Then you get benefits from it.

SAGITTARIUS (Nov. 22 to Dec. 21) You are able to get in touch with glamorous friends and state your aims. They can help you become more successful right now. Accept invitations to social affairs and make new friends.

CAPRICORN (Dec. 22 to Jan. 20) Showing your finest abilities to bigwigs brings you the support and opportunities you have been longing for. Be more willing to give your advice to a person who needs it. Be practical.

AQUARIUS (Jan. 21 to Feb. 19) Obtain the data you need from one whose ideas are different from yours and you will benefit greatly. New outlets and places can be of tremendous help to you now. Avoid a troublemaker.

PISCES (Feb. 20 to Mar. 20) Plan to handle responsibilities that are important and to keep promises you have made to others. Clear the slate for better operations ahead. Strive for more harmony with associates.

IF YOUR CHILD IS BORN TODAY he or she will have an unusual quality that causes one to want to spoil your charming progeny. Teach your youngster to stand on own two feet and show appreciation for favors received, and then the fine promise in this chart will be realized. Otherwise your son or daughter may never accomplish much of anything and become a dissatisfied person. Give good spiritual training early in life. A splendid worker here.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Court progress told on recording

In a move to inform residents of the community on the progress in the court battle against cross-district busing, the Wayne-Westland School District has installed a recording machine that will give callers the latest information.

Supt. Harry Howard, along with William Saxton, an attorney who represents the Wayne-Westland district as well as 39 of the other 52 suburban districts involved in U.S. District Judge Stephen Roth's ruling, predicts the case will eventually end up before the U.S. Supreme Court.

Residents of the district are asked to call 722-4610 for any information concerning the busing case which has been ordered to further hearings by the Court of Appeals in Cincinnati in order to give all suburban districts an opportunity to present their case in court.

\$100,000.00

CITY OF BELLEVILLE

COUNTY OF WAYNE, MICHIGAN
1972 REHABILITATION BONDS

Sealed bids for the purchase of the above bonds, being coupon bonds of the denomination of \$5,000.00 each, will be received by the undersigned at the City Hall, 6 Main Street, Belleville, Michigan 48111, until 8:00 o'clock p.m., Eastern Standard Time, on January 15, 1973, at which time and place said bids will be publicly opened and read.

Said bonds will be dated June 1, 1972, will be numbered consecutively from 1 upwards, and will bear interest from their date at a rate or rates not exceeding six per cent (6 percent) per annum, expressed in multiples of 1/4 or 1/20 of 1 percent, or both, said interest to be payable on December 1, 1972, and semi-annually thereafter on June 1st and December 1st of each year. The interest rate shall be the same on all bonds maturing in any one year and each coupon period shall be represented by one interest coupon. No bond may bear interest which is less than 50 percent of the rate borne by any other bond of this issue.

Said bonds will mature on the first day of December of each year as follows:
\$5,000.00 December 1st of each year from 1972 to 1975, inclusive;
\$10,000.00 December 1st of each year from 1976 to 1980, inclusive;
\$15,000.00 December 1st of each of the years 1981 to 1982.

Principal and interest on said bonds shall be payable at a bank or trust company located in the State of Michigan qualified to act as paying agent under the Statutes of the State of Michigan or of the United States of America to be designated by the original purchaser of the bonds with the approval of the City Council of the City of Belleville.

Bonds of this issue maturing shall not be subject to redemption prior to maturity. For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from February 1, 1973 to their maturity and deducting therefrom any premium.

The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the City. No bid for less than all of the bonds nor for less than 100 percent of the par value thereof will be considered. Accrued interest to date of delivery of such bonds must be paid by the purchaser at time of delivery.

A certified or cashier's check in the amount of \$2,000.00, drawn upon an incorporated bank or trust company, payable to the order of the Treasurer of the City of Belleville, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

These bonds will be general obligations of the City of Belleville, a municipal corporation, which is authorized to levy upon all the taxable property therein such ad valorem taxes as may be necessary to pay the bonds and interest thereon which taxes may be levied without limitation as to rate or amount. Said bonds are to be issued for the purpose of paying part of the cost of rehabilitating Belleville Renewal Project Michigan R-192.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds, which opinion will be furnished without expense to the purchaser of the bonds prior to the delivery thereof. The City will pay the cost of printing and delivery of the bonds. Executed bonds will be delivered at a place agreed upon with the purchaser. Said bonds will be delivered within forty-five (45) days from the date of sale and if said bonds are not delivered by twelve o'clock noon, Eastern Standard Time, on the forty-fifth day from the date of sale, the successful bidder may withdraw his proposal by serving notice of cancellation in writing on the undersigned in which event the good faith check shall be promptly returned.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

JEAN BAUMDRAHER
Deputy Clerk, City of Belleville
